Rebel Leaders Claim They

Will Soon Capture Mexico City--Mediators Prepare to Depart for Niagara Falls.

Washington, May 6.—While the Mexican situation was outwardly calm today pending the formal opening of the conference of South American mediators at Niagara Falls, Canada, on

May 18, there continued an active undercurrent of discussion and preparation for the peace plans and at the same time definite reports reached the constitutionalist headquarters here of sweeping victories of their forces near

San Luis Potosi and other points far south of Saltillo, where it was thought their next big battle would occur.

The news of constitutionalist successes reached here in dispatches from General Carranza to Raphael Zúba-

ran, minister of the interior in the constitutional cabinet, who had a direct wire set up to the headquarters of General Carranza in Chihuahua today. General Carranza's messages showed that three converging campaigns were

in active operation, each within 300 miles of Mexico City. General Obregon, with 15,000 men, operating from the Pacific coast side and captured all the intervening territory, was besieging Mazatlan and was threatening Mexico

Another division, General Carranza reported, had fought a battle at Pensacosa, near San Luis Potosi, which is 300 miles north of Mexico City. This

is the southernmost point which the constitutionalists have reached in central Mexico, and with the army now attacking Tampico, they declare that the general advance on the Mexican capital is to be made within a few weeks from three sides. The signifi-

General Carranza's report of the plight of the federals was coincident with the reports from Rear Admiral

Howard, who reported that a land and sea engagement was carried on, the constitutionalists firing rifles from Pedrie island, while the federal gunboat was aiding the short batteries. Aside from the notable constitutionalist successes, the chief military developments of the day were the capture

opment or the day was the authorization to General Funston to extend his lines at Vera Cruz as might be needed for defensive purposes without, however, undertaking any aggressive operations. A report also came from General Funston that he could secure no definite information as to the

movements by the federales under General Maas, but he construed what they were doing as being merely defensive. No further reinforcements have been ordered to Vera Cruz, nor has there been any sign of General Wood moving to the front to assume command.

The Naval Situation.

Admiral Sadger reported that sharp fighting had occurred between Mexican federals and constitutionalists midway between Vera Cruz and Tampico, and he added that rumors reached him through Admiral Mayo that some of Villa's forces intended to take and burn the state of Tlaxcala. Admiral

Mayo put no faith in reports of the truce between the federals and constitutionalist elements about Tampico.

removal of Mr. Lippitt, of Rhode Island, asking President Wilson for information as to his reported designation of Pancho Villa for next chief of the country. The motion was tabled by a viva voce vote, but not until Senator Lippitt had discussed the "will-bringer, Hiss," who landed at Vera Cruz.

The mediators completed their plans for holding the sessions in Niagara Falls, Ontario. Headquarters will be

ELBERT CO. TO FORM FAIR ASSOCIATION

Elberton, Ga., May 6.—(Special).—As a sequel to the aviation exhibition given here Saturday, the local business men of the city were called to a large number of the citizens of the city to take up definitely the organization of an Elbert County Fair association.

At the meeting this afternoon Dr. A. R. Haves was elected temporary chairman and Raymond Stapleton secretary. General talks from the leading business men were the rule, all pointing to a permanent organization for the incorporation of the association and the soliciting of membership.

The fair association is to be made a county organization.

CONGRESS MAY QUIT ABOUT 10TH OF JULY

Washington, May 6.—Probable adjournment of congress by July 10 was predicted today by Senator Kern, Democratic leader of the senate, after a white house conference at which the president and Senators Kern, Hoke Smith and O'Gorman discussed the legislative program. Senator Kern said he believed the Panama canal tolls would be passed by the senate in two weeks and that the administration anti-trust program would be completed before adjournment. He said he was hopeful the rural credit bill would be reached.

"We are not going to stay here all summer, you may be sure of that," said Senator Kern.

SEGREGATION OF RACES ORDERED AT LOUISVILLE

Louisville, Ky., May 6.—Segregation of the races in Louisville by a bill passed here tonight by the upper body of the city council. The measure has been passed by the lower body. The bill would prohibit negroes from moving into a block where already the majority of residents are white, or vice versa.

French Aviator Killed.

Rabat, Morocco, May 6.—Lieutenant Saint Laguen was killed today when the French army airplane crashed and fell 1,200 feet after a shortening expedition against hostile Moors.

STATE EDUCATORS FAVOR COMPULSORY EDUCATION

Urges Codified Laws and Medical Inspection—Knock State-Published Books.

St. Mary's, Ga., May 6.—(Special).—The Georgia county school officials assembly, which has been in session in St. Mary's, Ga., since Monday, adjourned today after a most profitable session. The meeting was largely attended by county superintendents and board members from every part of the state. The beautiful little city of St. Mary's, by the sea, opened its home to 200 visitors, attending and gave them every attention that would promote their comfort and add to the success of the occasion.

Among the important acts of the convention was an earnest petition of the legislature to codify the school laws of the state and an endorsement of pending legislation looking to medical inspection of schools. The convention went on record as favoring compulsory school attendance. A pretty good test of the sentiment in Georgia relative to state publication of text-books was the unanimous vote of the convention against this sort of legislation in the following resolution:

"Whereas, we believe that it would be most unwise for the state to undertake to publish its school books on account of the inferiority of such books and on account of the great expenditure of money in an undertaking which must inevitably prove a total and disastrous failure; therefore be it resolved by the convention of Georgia school officials, first, That it favor the present method of securing school books; second, That it most emphatically condemn any effort on the part of the state to publish its school books."

The assembly accepted an invitation to hold their next meeting at Clayton, in Rabun county.

WAR CAMPS PLANNED FOR COLLEGE STUDENTS

Washington, May 6.—There will be no summer of abandonment of the elaborate plans of the war department for holding the students' military instruction camps this summer because of the Mexican war. In fact, the Mexican trouble has served to emphasize the necessity for such preparation of the youth of the country, is the opinion of the general staff.

Many letters are being received from heads of educational institutions and from individual students asking for information as to the department's plans for the summer. Answers are being returned that the four camps for student instruction will be held at Annapolis, Md., at Fort Monmouth, N. J., at Fort Belvoir, Ill., and at Fort Sheridan, Ill., during the summer of 1914.

At the meeting this afternoon Dr. A. R. Haves was elected temporary chairman and Raymond Stapleton secretary. General talks from the leading business men were the rule, all pointing to a permanent organization for the incorporation of the association and the soliciting of membership.

The fair association is to be made a county organization.

"The Right Way"

ATLANTA'S STRIDES

The most important of these announcements is that the University club is strongly considering building a home of its own.

At a meeting last night, in fact, the club practically decided to build a new building or lease and have remodeled.

Full details are given elsewhere in this issue of The Constitution.

The Walker & Chase, the architects, are working on the plans for the last building which Reuben Arnold and Harvey Hill, owners of the old chamber of commerce building, at the northeast corner of Pryor and Hunter streets, are erecting.

The structure will be seven stories and will occupy a lot 52 1/2 x 120. The cost will be about \$120,000.
